

# BROOKERS FRANCHISING PRECEDENTS

## FEATURES AND BENEFITS

**Brookers Franchising Precedents is a collection of the documents, forms and precedents required by any lawyer who is required to provide advice to a client on franchising.**

The relationship between franchisor and franchisee is one of contract law. New Zealand has no common decision overlaying this with a requirement that the relationship is of such a special nature that a duty of good faith can be implied.

Careful consideration of a number of matters is therefore required by anyone who provides legal advice to clients involved in franchise arrangements.

Lawyers who advise on franchises must be able to prepare the parties to make the most of the business opportunity, by understanding what is expected by the relationship. *Brookers Franchising Precedents* is an ideal starting point for this advice.

### EASILY CUSTOMISABLE

Each title in the *Brookers Precedents* series consists of a collection of documents which can be used with MS Word 97 or higher. The software enables you to insert commonly-used information only once (eg, names, dates and addresses) and each form will be automatically completed.

- Brookers software guides you through each section which needs to be completed.
- Use the software to reformat documents to meet your particular needs. Add your logo – and automatically renumber paragraphs if necessary.
